

Dear Commisioners;

As a U.S. Citizen I am enraged that the F.C.C. has abrogated it's statutory responsibility to act as a steward of the T.V. airwaves. The outrageous abuse by Sinclair Broadcasting of their T.V. licenses by their broadcasting of the anti-Kerrey propaganda film just before this historic election. This confirms my fear of media consolidation and control of the airways. I want to formally express my protest at Sinclairs actions and the failure of the F.C.C. to take action. Furthermore I vigorously oppose any loosening of station ownership rules. Please provide me confirmation of receipt of this formanl complaint.
